

Classic multi-purpose

Main features:

1. Ricoh Gen5, Ricoh Gen6, Konica, Kyocera industrial grayscale piezoelectric printheads are optional;
2. Automatic belt guide correction system, the belt guide is always kept in the middle position, ensuring the printing accuracy and effectively extending the service life of the belt guide;
3. It has dual-purpose printing functions for rolls and plates, one machine for multiple uses, saving costs;
4. Automatic height measurement function, the carriage automatically reaches the optimal printing distance, convenient and fast;
5. It has a secondary ink cartridge double negative pressure function, which independently controls white ink and color ink, making the printing process more stable and the effect more outstanding;
6. Three-color status indicator light, quickly understand the machine operation status.

Specifications:

Machine model	YD-H3200	Print width	3200mm	RIP software	PhotoPrint
Print head	Kyocera/Ricoh Gen5	Number of heads	2-8 (4-7 colors optional)	Print mode	One-way and two-way
Print resolution	635x2400dpi	Material thickness	Up to 50mm	Machine weight	2150KG
Print speed	18-80m²/h(Kyocera) 9-52m²/h(Gen5)	Input format	PDF JPEG TIFF EPS AI		
Ink color	CMYK LC LM W V (Optional)	Material type	Rigid and flexible material, flat and Roll to Roll material		
Ink type	Eco-friendly UV curing ink (No VOC)	Power requirement	220V (±10%) single phase 8.5KW		
Machine size	5800mm[L]x1580mm[W]x1530mm[H]				
Working environment	Independent clean low dust low light good ventilation ambient temperature 18°C~30°C relative humidity 30%~70%
