

Classic type

## Main features:

1. Ricoh Gen5, Ricoh Gen6, Konica, Kyocera industrial grayscale piezoelectric printheads are optional;
2. Constant temperature two-stage ink cartridge system, ink is smoother, operation is more stable, and long-term printing will not be out of ink;
3. Double negative pressure system design, more stable ink supply, faster ink pressing;
4. Automatic height measurement function, the trolley automatically reaches the best printing position, convenient and fast;
5. Safety protection grating ensures that there are no obstacles blocking the machine during operation to protect the safety of users.
